**TRANSMITTAL OF SUBSTITUTE SEQUENCE LISTING**

Commissioner for Patents  
P. O. Box 1450  
Alexandria VA 22313-1450

Sir:

The following items are provided in response to the official communication dated March 29, 2006. Applicants have submitted herewith one required substitute copy of the Sequence Listing in paper form and two (2) required substitute copies in computer readable form (CRF) pursuant to 37 C.F.R. §§1.821-1.825.

Applicants have followed the procedures that are required for a Sequence Listing that was previously submitted and generated using the PatentIn 3.1 software. Specifically, both the substitute paper and CRF copies of the Sequence Listing submitted herewith are identical to the paper and CRF copies that were previously submitted by Applicants on March 15, 2004 for the above-referenced application, and which were generated using the PatentIn 3.1 software, except that the names of all the inventors have now been included (*i.e.*, typed in) in the previously generated text (or ".txt") file that contains the Sequence Listing. Applicants confirmed that this is the appropriate format for submission of the *substitute* copies of the Sequence Listing in paper and computer readable form (CRF) form (saved in Notepad format as a ".txt" file), since the original Sequence Listing was generated using PatentIn 3.1, in a telephone conference with the U.S.P.T.O. CRF Submission office on May 2, 2006.

As required by the official communication mailed March 29, 2006, both the substitute paper and CRF copies of the Sequence Listing now include the names of all the inventors. Specifically, the names of all the inventors are included in the substitute Sequence Listing under the Applicant "<110>" numeric identifier as follows:

Zipori, Dov  
Rozenszajn, Arie Leon  
Barda-Saad, Mira  
Shav-Tal, Yaron

The substitute paper copy of the Sequence Listing, submitted herewith, should be entered into the specification to replace the original paper copy of the Sequence Listing.

I hereby state that the content of the substitute paper and computer readable copies of the Sequence Listing, submitted in accordance with 37 C.F.R. §§1.821-1.825, are the same. I also hereby state that the submission herein does not include new matter. It is believed that the application is now in compliance with the requirements of 37 C.F.R. §§1.821-1.825.

Applicants have also filed herewith a petition for a one-month extension of time accompanied by the required extension fee under the provisions of 37 C.F.R. § 1.136.

No additional fee is believed to be due at this time. Should any additional fees be required for processing this response, please charge all such fees to Winston & Strawn LLP deposit account 50-1814.

Respectfully submitted,

Date: 5/3/2006
